When PDF was created its initial purpose was to make offices paper-free, or "œgreen". Now it is widely used to make a copy of a document that will look identical to the original and will "œphotocopy" the final product. Let's look deeper into the history of PDF Format Development.

IT with a Human Face: History of PDF Format Development

The Portable Document Format was created in the early 1990s by Adobe Systems, and remained proprietary format until it was released as an open standard in 2008. Since then, it is under control of an International Organization for Standardization Committee of volunteer industry experts.

History of the Portable Document Format (PDF) - Wikipedia

For most of human history, people lived and worked on farms in extended families and this was the foundation of their economic security. However, this changed as the developed world underwent the Industrial Revolution. ... A Brief History www.socialsecurity.gov ...

A Brief History - Social Security Administration

What Is History? History is the study of some subject in chronological order: tracing ideas back to their origin and studying the evolution of ideas or events. History is most commonly used to study government and politics, but history can also be used to illuminate other topics, such as science, technology, or law.

What Is History and Why Is History Important?
